Make sure your technology for streaming is charged and working.

Psst...don't forget to use the bathroom!

Student Worship Journals

No printer? No problem! Have your family write or draw something they heard or learned. You can also contact the church for help getting access to materials.

PUT ASIDE

Distractions like phones, pets, food, toys...etc

PRAY

Together, thank God for the gift of technology. Ask the Holy Spirit to help everyone hear and believe.

PAUSE

Take time to reflect on worship.

What questions do you have? What songs did you enjoy singing? Why? What was the main point of the sermon?

PARTICIPATE

Model worship through singing, praying, speaking the liturgy, and opening God's Word together.

PRACTICE

Discuss what you learned about God from worship. Plan ways together to apply takeaways from the sermon.
